

In the field of personal protective equipment (PPE), the work gloves offered by BCL help improve the health and safety check of users, while increasing their productivity.

OUR MISSION: "Help make organizations more productive by protecting and optimizing the use of hands for their workers."

Since 1964

Handling – Precision GLOVE

Model S003-4122

Nitrile Foam Coated Spandex

Designed for multiple tasks:

- ❖ Handling
- ❖ Shop work
- ❖ General work
- ❖ Assembly
- ❖ Electronic
- ❖ Maintenance
- ❖ Plastic moulding
- ❖ Warehouse work

Is it possible to find a compromise between the bare hand and wearing a glove? We think so, and that is why we offer the S003-4122. Indeed, this knit glove is so slim it's hardly felt on the skin.

This glove keeps hands clean and dry, and offers the advantage of a much better grip. It offers, in addition, a protection against injury.

This foam nitrile NBR coated glove to the palm and fingers has a very good grip on wet or dry surfaces, therefore reducing fatigue.

This technical glove breathes and has extreme durability.

Below: A microscopic view of surface of the foam NBR.

Maintenance:

To wash the glove and get rid of tough stains like oil stains and grease, one has only to rub hands under running warm water.

This glove is machine washable at regular cycle.

Available sizes: M, L, XL, and XXL
